FinTech Landscape in India

Financial Services industry is currently witnessing a huge transformation driven by innovative technologies such as Block Chain, Artificial Intelligence, Cloud Computing, Internet of things and Mobile computing.

New FinTech firms have disrupted. The conventional financial services industry by leveraging these new technologies and offering customized, value-added services in a rapid manner.

To understand, analyze, and effectively leverage the emerging financial innovations and become a part of the new FinTech revolution.

IIM Sambalpur & Sorbonne Business School provide valuable resources and of insights for the next generation of BFSI & FinTech professionals. Professionals need access to continuous & comprehensive insights powered by NSE Academy in order to deliver cutting-edge solutions of global standards using the latest tools and technologies.

ABOUT IIM SAMBALPUR

Located amidst hills and farmlands of Basantpur, the campus of IIM Sambalpur is peaceful and far away from the hubbub of the metropolis. Along with this peace, the lives of students revolve around classes, assignments, presentations, and exams. Apart from the rigorous curriculum, the Institute also gets access to the best faculty in the IIM system. The depth of knowledge of the Professors and the sheer ease with which they handle the course is astounding and inspiring.

IIM Sambalpur holds Innovation, Integrity, and Inclusion as fundamentals to mould it into an Institute of National Importance. The main emphasis is to reach out and explore the unconventional areas through an entrepreneurial and novel approach. The world is competitive and we at IIM Sambalpur would like to take up the challenge through our action-centric research, value-based consulting, and experiential learning pedagogy. The knowledge and values that we wish to impart at IIM Sambalpur aims to develop professional business acumen while making our students versatile human beings and proud citizens of the Nation.

Sorbonne Business School, University of Paris 1 Panthéon-Sorbonne

Associated with the University of Paris 1 Panthéon-Sorbonne, the Sorbonne Business School is a public institution of higher education specializing in training and research in management sciences and management directed by **Éric LAMARQUE**.

Since its creation in 1956, Sorbonne Business School has been committed to double management skills for executives and students pursuing their studies, with formulas tailored to each audience. Beyond general management, the training offering has diversified over the years, extending to other more specialized fields. More than 40 training programs leading to a degree are thus offered to its 2800 students (doctorate, specialized masters, MBA(s), professional license, university diplomas) in Paris and abroad. Continuing education accounts for 75% of business; over 1,900 executives are trained each year, more than a third of them internationally through partnerships with establishments and universities abroad. In addition, Sorbonne Business School has chosen to favor work-study programs. Its training programs are based on a pedagogical approach that is at the cutting edge of professional issues, anchored in corporate practice and nurtured by research. With its faculty of teacher-researchers, laboratory and research chairs, Sorbonne Business School stands out for its societal commitment linked to a dynamic research activity that enriches programs with fresh thinking and, in so doing, trains professionals capable of meeting the challenges of the future.

Rooted in the humanist values of equal opportunity, democratization of success and a spirit of progress, the Sorbonne Business School thus contributes to the development of knowledge and its transmission to organizations, both through its training actions and its research.

About Program

The FinTech industry in India is rapidly advancing due to the latest technological innovations. As a result, the **sector is seeking highly skilled and knowledgeable professionals** who can navigate the intricate FinTech business landscape. The world of FinTech is full of exceptional opportunities, but only those with the right skills and knowledge can exploit them to their full potential.

To help professionals in the Banking, Consulting, Financial Services, Insurance, Management, and Technology fields stay ahead of the FinTech Revolution, IIM Sambalpur, in collaboration with Sorbonne Business School (Paris), is offering an **18-month Dual Degree Program**.

The **program features 17 specialized courses**, including immersion at IIM Sambalpur, Sorbonne Business School (Paris)* and with NSE Academy. It also includes a dedicated Incubator training program with mentor support to help launch a fintech startup. Professionals who participate in the program will **receive both the academic framework and practical skill sets** required to establish a strong foundation in the new financial world order.

To provide international exposure, IIM Sambalpur & Sorbonne Business School, Paris, with its prowess in quantitative courses, analytics programs, and financial markets, is well-equipped to provide professionals with the necessary knowledge and skills. With the **dual degree**, professionals can enhance their skills and stay ahead in the ever-evolving FinTech industry.

The program is designed to be delivered through **interactive live online sessions**, which provides flexibility for working professionals while maintaining the rigor of an IIM Sambalpur and Sorbonne Business School, Paris degree.

Who is the programme for

This program is designed for **MID-TO-SENIOR LEVEL FINANCE INDUSTRY PROFESSIONALS** who want to expand their knowledge of financial technology and its impacts. It is also suitable for **EXECUTIVES IN FINTECH STARTUPS OR ESTABLISHED FINANCIAL INSTITUTIONS** who want to stay up to date with the latest trends and innovations.

Additionally, **PROFESSIONALS LOOKING TO TRANSITION INTO ROLES THAT REQUIRE PROFICIENCY IN BOTH FINANCE AND TECHNOLOGY**, such as financial analysts, investment bankers, or strategic consultants, can benefit from this program.

INDIVIDUALS WHO HAVE AN ENTREPRENEURIAL INCLINATION in the FinTech sector, whether aspiring to launch their own startups or join rapidly growing ventures, can also join.

This program is ideal for **THOSE WHO WANT TO ADVANCE THEIR CAREERS** by acquiring a comprehensive understanding of how technology is reshaping finance and how to effectively leverage it in their respective roles.

The program is **STRUCTURED TO ACCOMMODATE THE BUSY SCHEDULES** of working executives while equipping them with the necessary knowledge and skills to thrive in the dynamic and ever-evolving domains of FinTech and finance.

Program Eligibility

1. Bachelor's Degree: Applicants must possess a bachelor's degree from an accredited institution. While degrees in any field are accepted, backgrounds in business, economics, mathematics, engineering, computer science, or related disciplines are preferred.

2. Work Experience: A minimum of 3 years of post qualification managerial/ entrepreneurial/ professional experience as of the date of beginning of program.

3. Academic Proficiency: Applicants should demonstrate strong academic skills, particularly in quantitative areas like mathematics, statistics, or economics. A solid grasp of business fundamentals is also beneficial.

4. Language Skills: Proficiency in the language of instruction, usually English, may be required, particularly for international applicants. Evidence of language proficiency can be shown through previous qualifications or the medium of instruction.

IIM Sambalpur Campus Immersion

Campus immersion is a crucial part of the program experience, which requires learners to attend activities and sessions on the IIM Sambalpur campus for three days in each semester during the program. Attending the campus immersion is mandatory to earn the program, Degree.

Participant will have the opportunity to experience a live classroom environment where they can meet and learn from esteemed faculty at IIM Sambalpur, participate in peer learning, and engage in presentations and project work.

Please note that exams may be scheduled during the immersion period. However, please be aware that due to unforeseen and sudden circumstances, these exams may be subject to cancellation or postponement. This could be due to future emergency circumstances or government-issued advisories.

DIRECTOR'S MESSAGE

With over 9,000 fintech startups, India stands as the third largest fintech hub worldwide and will generate almost \$400 billion worth of business over by 2030, quadrupling its current size. With a growing number of job openings and a thriving startup ecosystem, the fintech sector

presents abundant employment and entrepreneurial prospects. We are launching MBA in Fintech Management, to impart specialised skill, knowledge, and experience so that you can start your journey as an entrepreneur or intrapreneur in the blooming Fintech ecosystem. Our 18-month program, comprising 17 meticulously crafted courses across three terms, ensures a comprehensive learning journey. The blended format of the programme allows you to study without having to leave your job. The programme will be delivered by leaders from the fintech industry, regulatory experts, and specialists from academia. The program is well equipped to provide the participants with specialized training in the technical areas of Blockchain, AI, and cryptography, fostering strategic capabilities and expertise in cutting-edge technologies. A key highlight of the programme is the dedicated incubator training, which offers mentorship for launching Fintech startups. The program fosters symbiotic relationships with industry, academia, and the Fintech community, offering unparalleled networking opportunities and entrepreneurial training. To provide global exposure, students have the option to pursue dual degree programme and obtain an additional MBA in Financial Management degree from Sorbonne University (Paris). Overall, we have curated a wholesome programme to train, nurture and create the fintech leaders of tomorrow.
