Indian Institute of Management Sambalpur

ABOUT IIM SAMBALPUR

Located in amidst hills and farmlands of Basantpur, Goshala, the campus of IIM Sambalpur is peaceful and far away from the hubbub of the metropolis. Along with this peace, the lives of IIM Sambalpur revolve around classes, assignments, presentations, Live Project, Industrial Visit, CEO Immersion etc. Meeting the not-so-elastic deadlines for these components of evaluation is what majorly makes up for most of the time a day here. Students at IIM Sambalpur run a number of student committee and clubs. The Institute has academic committee, which acts as a liaison between the faculty and the students. This Committee puts forward the issues pertaining to academic curriculum and students' incessant requests for deadline extensions.

Apart from the rigorous curriculum, the Institute also gets access to the best Faculty and Industry Experts in the IIM System. The depth of knowledge of the Professor and the sheer ease with which they handle the course both astounds and inspires us. Students do not need to be told to study, it comes naturally after seeing the amount of efforts being put in by the professors. After the classes are over, one can always find students burning the midnight oil in the rapidly growing library. Students, in collaboration with the Institute authorities, host a number of activities to facilitate their overall development.

The current economic scenario of our country is brimming with endless opportunities. Apart from Corporate Giants, avant-garde Startups endorsed by stakeholders, inclusive of the Government itself, provide a rich platform wherein many of our students would like to take a path of job creators as Entrepreneur. We strive to instil a holistic mindset of sustainable and socially inclusive growth in all the endeavour's taken up by all of our stakeholders.
