(सीजीपीए से प्रतिशत रूपांतरण कारक/ CGPA to Percentage conversion Factor)

(जिससे भी संबंधित हो/ To Whom so ever concerned)

IIM Sambalpur follows a 10-point scale for evaluating academic performance in its MBA programme. To convert the CGPA (Cumulative Grade Point Average) to percentage marks, the following conversion formula may be used:

- a*) If $3.0 \leq \text{CGPA} < 3.5$, then Percentage (%) = $(\text{CGPA} - 3.0) \times 10 + 45$
b) If $3.5 \leq \text{CGPA} < 4.5$, then Percentage (%) = $(\text{CGPA} - 3.5) \times 10 + 50$
c) If $4.5 \leq \text{CGPA} < 7.0$, then Percentage (%) = $(\text{CGPA} - 4.5) \times 8 + 60$
d) If $7.0 \leq \text{CGPA} \leq 10$, then Percentage (%) = $(\text{CGPA} - 7.0) \times 6 + 80$

For Example :

5. If CGPA = 3.5, then Percentage = $\{(3.5 - 3.5) \times 10 + 50\} = 50\%$
6. If CGPA = 4.5, then Percentage = $\{(4.5 - 4.5) \times 8 + 60\} = 60\%$
7. If CGPA = 7.0, then Percentage = $\{(7.0 - 7.0) \times 6 + 80\} = 80\%$
8. If CGPA = 10.0, then Percentage = $\{(10.0 - 7.0) \times 6 + 80\} = 98\%$

*The CGPA ranging from 3.0 to 3.49, allowing students to promote from MBA 1st Year to MBA 2nd Year. However, the criteria for awarding the degree will remain unchanged, with the requirement for a minimum CGPA of 3.5

The above conversion factor is applicable for full time MBA 2024-26 batch of IIM Sambalpur.
